

FIELD DATA COLLECTION NOTICE

CURRENT ACTIVITIES

The Highway 41 Corridor Improvements project team is currently gathering information in your area to better understand existing conditions of the human and natural environments. Beginning February 22, 2019, you may see project personnel around your neighborhood or business collecting data on existing conditions including wetlands/streams, noise and buildings. Field personnel will be in the project area through July 2019 and will strive to minimize inconveniences to you. **These field studies are being conducted as part of the alternatives evaluation process and environmental review. A preferred alternative has not been identified.**
